NEWPORT TRIES SURF RIDING; CALLS IT HAZARDOUS SPORT

NEWPORT, R. I., July 10.—Riding Mrs. French Vanderbilt, Mrs. Joseph the surf in canoes is the latest fad to Harriman. Mrs. Leonard N. Thomas, adopted by the society leaders for Mrs. William G. Loew and Miss Martine their daily dip at exclusive Bailey's cove. Beach. Several hours each day are not all the members of the fashion being devoted to the exciting sport. Able colony are sufficiently expert during the hot spell.

Among the women who ride atop hazardous sport, but these non-particulate waves today were Mrs. Reginald's form an interested gallery of Vanderbilt, Miss Constance Warren, spectators.

TRAIL AND MOUNTAIN SUCCESSES

The following is a report by the secretary of the Trail and Mountain club of work accomplished:

To the President and Officers, Trail and Mountain Club, Honolulu, T. H.: Gentlemen—The Trail and Mountain Club, since its inception a year and a half ago, has suffered considerably from the lack of any permanent home and headquarters. This has been remedied by securing with the Civic Federation and others a downtown headquarters for the Trail and Mountain Club, where its clerical work is placed in the hands of a corps of workers and rooms maintained for meetings and as a general meeting place of members.

At a meeting of the several public service bodies organizing the Public Service Association, Mr. Castle, as president of the Trail and Mountain Club, stated that he would guarantee that that body would appropriate \$500 for the coming year to start the new headquarters and to help keep it alive for that length of time.

Through the kindness of Mr. Castle a trail has been built from back of Punchbowl Hill a number of miles around the mountains, ascending Olympus and descending to Manoa Valley. This trail is placed under the charge of the Trail and Mountain Club. Mr. Castle also intends to build one rest house of simple construction on Panoa Flats, overlooking both Nuuanu and Manoa Valleys. This will come under the control of the Trail and Mountain Club. Mrs. Cooke has cut a trail for the club from the site of the proposed rest house to the dam in Nuuanu Valley; from there there is a path to the Pali road.

Mr. Lowrey is building a trail from the Pali road to the summit of Lanikuli. To connect the trail Mr. Castle has built with the Manoa road, Judge Cooper is building a trail to the summit of the ridge between Manoa and Palolo Valleys. The Kaimuki Land Company has built an excellent trail from the Palolo road to Palolo crater. From here on there is a good trail to the Castle trail to Olympus.

The members of the Trail and Mountain Club have made a passable trail from Palolo crater over the seven falls, the main road, in Palolo Valley. The Kaimuki Land Company will build a rest house on the edge of Palolo crater for the Trail and Mountain Club. Mr. Stanton of the 100,000 Club and the Kaimuki Land Company states that a trail will be built from Wilhelmina Rise to its summit, where a rest house will be built and deeded over to the Trail and Mountain Club. From this rest house he intends building a trail along that ridge to Palolo crater and around the crater. It is possible that the crater, when it becomes a public reservoir, will be turned into a lake and the surrounding hillsides parked.

From Diamond Head to Palolo crater the valleys belong to Mr. Paul Isenberg and Judge Perry. There is no doubt that they will gladly continue the trail along the ridge and down into the adjoining valleys.

Already the Trail and Mountain Club members have discovered and used the old trails going down from the ridge behind Palolo crater into Kilauea and Waimanalo.

Sometimes as many as fifty-three trampers have gone on trail and mountain hikes in one group. As a rule, the trampers parties are made up of small groups. Sometimes on a Saturday or a Sunday there are as many as 200 people out over the trails taken in hand by the Trail and Mountain Club for improvements. Many private parties are now being negotiated with to build trails for the Trail and Mountain Club at their own expense, and several promises have been made.

A trail is needed for about four-fifths of a mile from Tantalus Heights along the cliffs above Manoa Valley and Panoa Flats to connect with the Castle trail. The cost of this would be about \$200.

The Civic Federation parks committee and Mr. Angus have taken up with the Trail and Mountain Club the matter of putting in good condition the trail up the face of Punchbowl crater. This should be done, as a clear connection would then be made with the Castle trail. Mr. Castle states that he will put up several signs at his own

expense. The Civic Federation and the Trail and Mountain Club will place signs about the city directing tourists and others to the Punchbowl and Castle trails.

Beyond Honolulu the Trail and Mountain Club will take charge of certain trails that have been turned over to it. The James Castle trail from Pannio Valley is one of the most beautiful in the islands. It should be extended to Lule. The federal engineers have cut many trails along the ridges of Koolau range. A trail of less than a mile, it is understood, will connect the James Castle trail with one of the trails leading over from Wahiawa to Kahana Valley. This is practically a new trail, starting from the Trail and Mountain rest house at the headwaters of the Wahiawa ditch, and obviates the long tramp up-stream.

The officers at Leihua have promised earnest co-operation with the Trail and Mountain Club. Some of the soldiers would gladly act as guides to any persons who are sent to Leihua to ascend Kaala. There is a good trail to the summit. From Leihua the Trail and Mountain Club members are seeking other accessible trails from the Waianae side. Mr. Percy Bond has placed one or two houses at the disposal of the club on Kaala as rest houses.

The Trail and Mountain Club members are now making notes and the club is securing data to make a complete map of all the foot, horse and native trails on the island of Oahu. Engineer Rowell has submitted blue prints of the trails leading out from Honolulu. It is proposed, as soon as complete maps are secured, to publish a trail map, either in whole or in sections, of the island of Oahu.

A trail that might be completed at very little cost is suggested. From the Trail and Mountain Club rooms on King street it is but two hours to the summit of the Kaihi ridge, and another hour or less to make the descent on the other side. It is about a mile or so thence to the foot of the Nuuanu Pali; the greater part of the way one of the most beautiful trails on the islands exists. The cutting through the grass of a trail for a short distance and the clearing of a trail up the Pali would make it possible for trampers to leave the Trail and Mountain headquarters in the

morning after breakfast, lunch on the other side of the island, and be back in town before supper.

On the island of Maui a branch of the club exists. Mr. Field of the Maui Hotel has promised so soon as a trail is surveyed to see that it is cut to the top of Iao Needle. Six members of the Trail and Mountain Club in a body were the first to ascend the Needle without ropes. A trail to the summit is quite feasible and an engineer has promised to make surveys free of charge.

Mr. Hadley, a young civil engineer, has discovered the old native trail over the mountains to Waikuku from Lahaina. He states that it will cost about \$800 to reconstruct it. Mr. Frank Baldwin states he will raise the money.

Members of the Trail and Mountain Club tried the experiment of getting up a cheap week-end excursion to the island of Maui. A boat was chartered and a round trip rate of \$3 made. One hundred and fifty-seven people took advantage of the trip, and there was much mountain climbing. It is proposed to make up other such excursions to the other islands.

Now that the club has headquarters and a working force, it is proposed to take up actively with the residents of Molokai and Kauai the mapping and making of trails on those islands. On Hawaii the branch organized has formed itself into a separate club. There are numerous offers of co-operation, however, from landholders and others scattered over the big island. These matters can be taken up and adjusted with the Hilo Club.

No dues have been collected for the club for more than a year. It is proposed now, however, to collect the dues for this year and begin an active campaign for new members, as the club has much to show, and the enthusiasm of the few great workers has

aroused to effort many willing small workers who will gladly cut trails within their means and help as they can.

IN THE CIRCUIT COURT, FIRST Circuit, Territory of Hawaii. In Probate—At Chambers, No. 4274.

In the Matter of the Estate of Alexander J. Lazarus, late of Honolulu, Oahu, deceased.

On Reading and Filing the Petition and accounts of TRENT TRUST COMPANY, LTD., Administrator of the estate of Alexander Lazarus, late of Honolulu, Oahu, deceased, wherein petitioner asks to be allowed \$423.78 and charged with \$505.91, and asks that the same be examined and approved, and that a final order be made of Distribution of the remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibility herein.

It is Ordered, that Saturday, the 5th day of August A. D. 1911, at 9:30 o'clock A. M. before the Judge presiding at Chambers of said Court at his Court Room in the Judiciary Building, in Honolulu, County of Honolulu, be and the same hereby is appointed the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property.

Dated the 30th day of June, 1911.
By the Court,
J. A. THOMPSON,
Clerk of the Circuit Court of the First Circuit.
E. M. WATSON,
Attorney for Petitioner.
